EDUCATION

California State University, Chico

Bachelor of Computer Science

May 2020

Master of Computer Science

Graduating May 2022

PROJECTS

RaceBase - <https://racebase.run>

Docker, Kubernetes, Node JS, MongoDB, Nuxt, Vue.js, AngularJS, Bootstrap, git, DigitalOcean, Nginx, Google Analytics

Website for runners and coaches to post race results and keep training logs

REST API architecture and design with Client and Server

Learned to hold myself accountable to a schedule and manage my time

Improved UX/UI design skills and learned how to gather and implement user feedback

PaceCalc

Swift, Xcode, HealthKit API, Interface Builder, iTunes Connect

iOS application to help runners quickly calculate paces and lap splits

Learned object oriented programming with Swift and designed iOS user interface through Xcode and Interface Builder

EXPERIENCE

Software Engineer - Intuit (Argo Project)

January 2021 - Present

Kubernetes, Docker, Golang, React, TypeScript, Google Cloud Platform

Work on Argo CD and Argo Rollouts

Developing K8S Custom Resource and Controller to extend Argo CD user interface

Software Engineering Intern - Intuit (Argo Project)

May 2020 - December 2020

Kubernetes, Docker, Golang, React, TypeScript, Google Cloud Platform

Remote work, primary communication through video conferencing and Slack, learned GitHub in an enterprise environment

CNCF Incubating Project

Contributed to Argo Workflows (K8S native workflow engine) and Argo CD (declarative CD for K8S)

Implemented memoization in workflows controller, learned Golang

Added several significant user interface features including batch selection, reduced data transmission on page load, and convenient access to more data

Redesigned large portion of Argo CD project settings

Techlore

2018 - 2020

Communicated with business owner to develop production system for serving and managing bespoke content

Migration from static website to dynamic GitOps system to enable richer user experiences, better velocity and reliability

Designed and built custom CMS

Built original static website with Jekyll hosted on GitHub pages

Assistant Recreation Supervisor - Tahoe Donner Association

Summer 2018, Summer 2019

MORE

Student Athlete - Chico State Cross Country and Track

Learned to balance upwards of 8 practices weekly (sometimes twice daily) and frequent travel with schoolwork
2 Time Individual CCAA All-Conference (2017, 2019), NCAA All West Region (2019)
2 Time Team CCAA Champions (2017, 2019), Team NCAA West Region Champions
